Our offer – some examples of international modern dentistry.

General dentistry

The most modern Japanese, French, German,
American and Polish restorative materials.

Endodontics

Hand and rotary endodontic instruments to shape
and prepare the canal system.
Innovated ozonotherapy root canal disinfection method.

Aesthetic dentistry

Composite and ceramic veneers.

Teeth whitening

American (Opalescence) and Dutch (Prevdent) teeth whitening systems.

Implantology

Swiss and Israeli implantology systems.

Dental prosthetics

Ceramic crowns & bridges and wide range of dentures.

Orthodontics

Metal and ceramic braces.

Children's dentistry

Prophylactics and treatment from the first tooth.
Many ways of anesthesia.

Prophylactics

Oral hygiene guidelines, fluoride varnishes and air powder
polishing may keep your beautiful smile untouched for a long time.

Dental surgery

Not only teeth extractions but all kinds of bone and soft tissue grafts.

Periodontology

Newest method of gums and soft tissue protection and treatment.

Dental radiology

Botanik Medical Facilities is equipped with an x-ray unit.
Your teeth can be carefully examined and future treatment
recommended during your dental check-up.
