

## GYNEM PRICELIST

### EGG DONATION BASIC PACKAGE:

€ 4,900

**Price includes:**

Guarantee of 1 good quality embryo for transfer  
 Airport transfer and taxi fare for first visit to the clinic  
 In-person initial consultation and compulsory pre-treatment tests  
 Sexually transmitted disease testing (Hepatitis B and C, HIV, and syphilis) for the couple  
 Donor selection, testing, remuneration, and medications  
 Ultrasound scans and consultations with doctors  
 Sperm collection and semen analysis (spermiogram)  
 Fertilisation via ICSI  
 Prolonged cultivation of embryos  
 One embryo transfer  
 30% discount on 3rd package  
 The Egg Donation Package Guarantee\*

### EGG DONATION COMFORT PACKAGE:

€ 5,900

**Includes all features of the basic package plus:**

Guarantee of 2 blastocyst stage embryos for transfer (one embryo transfer is included)  
 One donor exclusively for one couple  
 3rd package for free  
 The Egg Donation Package Guarantee\*

Deposit for the Egg donation packages: € 2,000

**Not included in the price:**

Medications for recipient: € 150 - € 200  
 Cryopreservation (freezing of surplus embryos): € 500 - € 700  
 Frozen embryo transfer (if you have frozen embryos): € 900

**\*The Egg Donation Package Guarantee**

In the case of the Basic Package, if at least one embryo suitable for transfer is not yielded, one new cycle will be provided at no extra charge.  
 In the case of the Comfort Package, if only one blastocyst stage embryo is yielded, the patient has the right to request another blastocyst stage embryo free of charge to be created and transferred within 12 months of the first transfer. This second transfer would be a FET (frozen embryo transfer). If no blastocyst is yielded, as per the Comfort Package guarantee, we will provide a new cycle for free. If there aren't enough fresh eggs available from the donor, we can supplement them with frozen eggs if suitable frozen eggs are available in stock.

If the first and second packages (same package type) are not successful (negative biochemical pregnancy test), a third one will be offered for free (Comfort Package) or at a 30% discount (Basic Package). In this case we guarantee four fresh or frozen eggs and one healthy embryo for transfer. For the guarantee to apply, sperm must be of sufficient quality (motile sperms that are not in a state of 'teratozoospermia'). The guarantee cannot apply if surgically retrieved sperm (e.g. MESA/TESE) were used. The recipient must not suffer from any serious autoimmune disease, or uterine fibroids. Please note, any frozen embryos remaining from previous cycles must be used before this third cycle may commence.

### IVF PACKAGE:

€ 2,900

**Price includes:**

Airport transfer and taxi fare for first visit to clinic  
 Ultrasound scans and consultations with doctors  
 Compulsory pre-treatment tests  
 Sexually transmitted disease testing (Hepatitis B and C, HIV, and syphilis) for the couple  
 Sperm collection and semen analysis (spermiogram)  
 Pre-operative blood tests  
 Egg retrieval performed under general anaesthesia  
 Fertilisation via ICSI  
 Prolonged cultivation of embryos up to blastocyst stage  
 One embryo transfer  
 20% discount on 3rd package

Deposit for the IVF package: € 1,000

**Not included in the price:**

Stimulation medications: € 800 - € 1,500

ECG (for women over 40): € 100

**Refunds**

If egg retrieval stage is not reached, the € 1,000 deposit cannot be refunded. If egg retrieval stage is reached, but no eggs are collected, a partial refund of € 500 from total price will be issued to you. If there is no suitable embryo for transfer, a partial refund of € 200 from total price will be issued to you. All medication purchases are non-refundable.
