Dr Goran Helgason is a pioneer and a leading authority on Implantable Contact Lens surgery, multifocal Clear Lens Exchange and cataract surgery. He provides treatment for vision problems at Advanced Vision Care in Harley Street.

Dr Goran Helgason completed his medical and ophthalmology training at Gothenburg University Hospital in Sweden where he is a Fellow of the Department of Ophthalmology and a Research Fellow of the Faculty of Medicine.

He was the Medical Director of Capio Medocular, a leading Swedish eye care clinic and is consultant eye surgeon at Advanced Vision Care in Harley Street, London. He is one of the chief surgeons for EuroEyes refractive clinics in Sweden, Denmark and China .

Dr Helgason has over 25 years' experience in laser eye surgery and is recognised worldwide as an expert and international trainer in Implantable Contact Lens (ICL) surgery and technology. He was one of the first eye surgeons in the world to perform STAAR surgical ICL treatment and acts as medical advisor to STAAR Surgical and Alcon Laboratories.

Having undergone ICL treatment himself in both eyes in 2004, he is a strong advocate of the procedure.

Highly skilled and with a reassuring manner, Dr Helgason is also a specialist in Clear Lens Exchange, cataract surgery and laser eye surgery. He is an advisor to several scientific committees in Sweden and Europe and a member of many international ophthalmic professional organisations.

Specialises in

- Implantable Contact Lens Surgery (EVO Visian ICL)
- Clear/refractive lens exchange with trifocal lenses
- Cataract surgery
