Mr George Murty is a Specialist Ear, Nose and Throat Surgeon in Leicestershire offering expert treatment for all aspects of ENT disorder, including allergy, tonsil and adenoid problems, voice and swallowing disorders, glue ear, sinusitis, snoring and hearing loss.

Mr George Murty, M.B. Ch.B., M.D., F.R.C.S., F.R.C.S (Otolaryngology), F.A.C.S. is a Consultant Ear, Nose and Throat Surgeon in Leicester. Mr Murty is an expert in general ENT with a super specialist practice in voice disorders, sinus disease, snoring, allergies, children's ear and tonsil problems and swallowing disorders.

Mr Murty has chosen to specialise in ENT conditions because of the exciting innovations in treatment and the opportunity to meet and successfully treat patients of both sexes and all ages.

Mr Murty qualified as a Doctor in 1982 from the University of Glasgow Medical School having received the ENT Undergraduate Award. He completed his general surgical training before specialising in ENT at the Birmingham and Midlands Ear, Nose and Throat Hospital, The Royal Infirmary, Edinburgh and the Freeman Hospital, Newcastle Upon Tyne where he completed his doctoral thesis on voice disorders.

In 1990, Mr Murty was appointed Senior Registrar to the South Trent Ear, Nose and Throat rotation and during his time there was awarded the Otolaryngology Fellowship of the Royal College of Surgeons of Edinburgh. Mr Murty was awarded prestigious prizes from the Midlands Institute of Otology, The Association of Head and Neck Surgeons of Great Britain and the Storz Research Prize which enabled him to travel abroad to Holland and the USA to gain further valuable experience and expertise in the latest techniques in the treatment of ENT disease.

In 1994, Mr Murty was appointed Consultant ENT Surgeon to the Leicester Royal Infirmary and Honorary Lecturer to the University of Leicester Medical School and visiting Lecturer to the De Montfort University. Mr Murty provides a thriving general ENT practice with specialist children's clinics, a specialist voice clinic and a specialist rhinology clinic for the treatment of complex nasal and sinus disease.
