

Owen Miller

Paediatric and Fetal Cardiology
Consultant
London

Dr Owen Miller is a Paediatric and Fetal Cardiology Consultant based at Evelina London Children's Hospital London. His expertise is in paediatric cardiology with a special interest in advanced cardiac imaging in children and fetus'. He also provides a range of diagnostic services.

Dr Owen Miller is a Consultant in Paediatric and Fetal Cardiology. His areas of expertise covers the whole range of Paediatric Cardiology (Children's Heart Services), but with a special interest in advanced cardiac imaging for the fetus and child. He provides comprehensive diagnostic services such as cardiac ultrasound (echocardiography), ECG, ambulatory monitoring and exercise testing (including cardio-pulmonary exercise testing) and is primarily based at Evelina London Children's Hospital. Speak to Dr Miller now.

Dr Miller trained at The Children's Hospital in Sydney, the Kinderspital in Zurich, and at The Hospital for Sick Children, Great Ormond Street, London. He was first appointed as a Consultant in 1993 in Sydney and later appointed as a Consultant at Evelina London Children's Hospital in 2005.

He has specialist qualifications in Paediatric Cardiology, Paediatric Intensive Care and also in General Paediatrics, with recognition by the Royal Australasian College of Physicians and the Royal College of Paediatrics and Child Health (UK).

He is currently Director of Specialist Networks and Associate Medical Director at Evelina London Children's Hospital and the overall Clinical Director for the Congenital Heart Network. Dr Miller is also a patron of the charity ECHO, which supports children and young people with heart conditions.

An internationally recognised expert; Dr Owen Miller chairs the Imaging Working Group for the Association of European Paediatric Cardiology and is chair of the Certification Committee for congenital echocardiography for the European Society of Cardiology.
