Dr Nihal Shah is an experienced clinical oncologist based at Harley Street with a special interest in the management of breast cancer, head and neck cancers, lung cancer and cancers of unknown primary using the latest techniques in chemotherapy and radiotherapy, including CyberKnife, 81 Harley Street.

Dr Shah is Assistant Clinical Director of the Mount Vernon Cancer Centre, an internationally-recognised centre for innovation and excellence in clinical cancer research and care. He has a particular interest and expertise in the management of breast cancer, head and neck cancers and lung cancer, and is experienced in the treatment of cancers of unknown primary (CUP). A specialist in CyberKnife, Mr Shah is featured in the Tatler Doctors Guide 2013.

Dr Shah is an experienced clinical oncologist with a special interest in the management of breast cancer, head and neck cancers, lung cancer and cancers of unknown primary using the latest techniques in chemotherapy and radiotherapy, including CyberKnife, 81 Harley Street.

Dr Shah is active in clinical trial participation, is an investigator for a number for local cancer studies and is an advisor to pharmaceutical companies on relevant cancer strategies. He is an advisor to the Health Care Commission and the cancer strategy for head and neck tumours. Dr Shah has advised BACUP, dedicated websites for cancer information and ethnic minority groups for cancer care information.
