

## Kumar Kunde

Consultant Obstetrician and  
Gynaecologist  
London

Dr Kumar Kunde is a highly experienced London-based private Consultant Obstetrician and Gynaecologist offering personalised and compassionate care through all stages of women's life. Services available include consultant-led pregnancy care and delivery, fertility assessment and treatment for a broad range of gynaecological conditions.

Dr Kunde is a senior Consultant Obstetrician and Gynaecologist at Guy's and St Thomas' Hospital in London. Committed to delivering sensitive and individualised care, he provides a range of private pregnancy, childbirth and gynaecology services at three world-leading facilities in Central London: Westminster Maternity Suite at St Thomas' Hospital, London Bridge Hospital and The Portland Hospital.

Dr Kumar Kunde graduated from the University of Bombay, India, with a distinction for which he was awarded the Gold Medal in Obstetrics and Gynaecology. He went on to complete postgraduate training in obstetrics and gynaecology in India before moving to the UK in 1992.

In the UK, Dr Kunde also completed the specialty training programme of the Royal College of Obstetricians and Gynaecologists, gaining membership in 1994. As part of this training he worked at highly regarded maternity units in Manchester and London where he acquired specialist skills in the management of high risk pregnancies. Dr Kunde is also highly experienced and skilled in gynaecological and minimal access surgery, having undergone higher surgical training in laparoscopic and hysteroscopic surgery in the UK and USA. He is currently the lead Consultant for advanced minimal access gynaecological surgery at Guy's and St Thomas' Hospitals and is a trainer for gynaecological surgery, including laparoscopic and hysteroscopic surgery.

With over 25 years' experience in the field, Dr Kunde has acquired a great wealth of experience in managing pregnancy, labour and delivery in both healthy women and those with complex medical and pregnancy-related conditions, including twins, pregnancies following previous caesarean section or abdominal operations, pregnancies with fibroids and placenta praevia. He was granted Fellowship of the Royal College of Obstetricians and Gynaecologists in 2011.
