

## Emin Carapeti

Consultant General & Colorectal Surgeon  
London

Mr Carapeti offers surgical treatment for all colorectal disorders and is based at 108 London Rectal Clinic, Harley Street. He is a pioneer of day case surgery for haemorrhoids and has developed a new surgical technique for the treatment of complex recurrent pilonidal disease. Mr Carapeti is a specialist in the surgical treatment of Crohn's disease and ulcerative colitis.

Mr Emin Carapeti is a Consultant General and Colorectal Surgeon with years of exceptional experience. He is a Member of Council of the Section of Coloproctology of the Royal Society of Medicine, a member of the Association of Coloproctology of Great Britain and Ireland and an examiner in surgery at the Royal College of Surgeons of England.

He graduated from Guy's Hospital and undertook his training in London and South East England. His specialist training was at St. Mark's Hospital in London and Mount Sinai Hospital in Toronto. His thesis and main research was in the treatment of haemorrhoids and anal fissure at St. Mark's Hospital and he was awarded the Doctor of Medicine (MD) degree in 2000. He has published widely on anorectal disorders and pilonidal sinus disease and has pioneered new surgical techniques in complex recurrent pilonidal disease and day case surgery for haemorrhoids.

In addition to his colorectal work he also has an extensive experience in the treatment of abdominal and groin hernia both simple and complicated. He also attended The Shouldice Hernia Clinic near Toronto, Canada where he learnt about the famous Shouldice hernia repair. He is a member of The Gilmore Groin and Hernia Clinic team undertaking repair of groin disruption (Gilmore's Groin).
