Miss Christina Choy is Consultant Oncoplastic Breast Surgeon at the London Breast Institute, Nottingham Place, a leading independent unit that provides patients with access to the most advanced treatments and highest levels of breast cancer care.

Miss Christina Choy is an experienced female oncoplastic breast surgeon with a specialist expertise in one stop rapid assessment for various breast symptoms and lumps, family history risk assessment and genetic testing, breast screening and counselling, and state-of-the-art management of both benign breast disease and breast cancer. She works at HCA hospitals in London with a group of dedicated multidisciplinary team members to provide holistic personal care using an updated cutting edge approach to breast management. She is a trustee for Breast Cancer Hope Charity which promotes breast cancer research to improve for breast awareness and disease treatment.

Miss Christina Choy qualified from the Medical School of the University of Sydney in 1986 and undertook her postgraduate training in surgery and have worked in various major centres in Australia, Hong Kong and the UK, including The Royal Marsden Hospital and St Bartholomew's Hospital. She worked as consultant breast surgeon in the NHS previously and was Lead of the Breast Service at the Homerton University Hospital.

She has worked in the private sector since 2003. From January 2017, she works exclusively for HCA private hospitals including the Princess Grace Hospital, the Harley Street Clinic, the Portland Hospital for women and the new HCA specialist unit at the Chiswick Outpatient and Diagnostic Centre.
