

Ajeya Adhikari

Sports Injury Specialist &
Orthopaedic Surgeon
London

Based in Southwest London, Ajeya Adhikari is a leading knee surgeon and sports injury specialist offering the full range of modern surgical techniques for the treatment of knee conditions, including computer-guided knee replacement, knee cartilage transplantation, knee ligament reconstruction and knee arthroscopy.

Mr Adhikari completed his MBBS training at Delhi University in 1984, obtaining a gold medal in the final examination. He then undertook postgraduate training in orthopaedics at the prestigious All India Institute of Medical Sciences in New Delhi. He obtained his masters degree in Orthopaedic Surgery in 1990 through thesis and examination.

In the UK Mr Adhikari trained in the North East Thames Registrar Rotation in Orthopaedic Surgery from 1992, going on to undertake a knee fellowship with Mr Jamie Flanagan at the Orthopaedic Centre, Black Notley Hospital. He obtained his Masters Degree in Orthopaedics through dissertation and examination from the University of Liverpool in 1996 and then passed the FRCS (Orth) examination in 1999. Since then Mr Adhikari has trained in various aspects of orthopaedic surgery in Austria, Switzerland, the USA and Germany.

Mr Adhikari currently works as a Consultant Orthopaedic Surgeon with the Epsom and St Helier NHS Trust. He is one of the founding surgeons at the South West London Elective Orthopaedic Centre, which is the largest joint replacement centre in the UK. Prior to that he worked in the same capacity for four years at King's College Hospital and University Hospital Lewisham in London.

Mr Adhikari runs a fellowship and mentoring programme which trains orthopaedic surgeons from as far away as Australia. He is actively involved in the software and hardware development of computer navigated systems used for orthopaedic surgery.
