Fees

Consultation **£225**

Benefitting from over 20 years of experience, Mr Michael Kurer is a highly regarded consultant orthopaedic surgeon. He practices privately at BMI Hendon and BMI Enfield, and is also a full-time consultant in the NHS at North Middlesex University Hospital. Whilst Mr Kurer holds a special interest in disorders and surgery of the shoulder, he also offers the most economical carpal tunnel surgery available at an unrivalled price.

After graduating from medical school at University College London, in 1982, Mr Kurer embarked on his orthopaedic training at the Royal Free Hospital before completing his final training as a Senior Registrar at the Royal National Orthopaedic Hospital.

It was there that he undertook extra specialist training in disorders of the shoulder, culminating in him becoming a Shoulder Research Fellow. He was appointed consultant at North Middlesex Hospital in 1994.

With 90% of his clinical time spent working with patients suffering from shoulder problems, Mr Kurer's understanding and techniques for treating shoulder related medical issues have become increasingly sophisticated and, as a result, he is now at the forefront of his field.

He is a member of the British Elbow and Shoulder Society and the European Society for the Study of the Shoulder and Elbow and attends at least one international or national shoulder conference every year.
