### Fees

Initial Consultation **£250**

Follow-up Consultation **£200**

Mr Ahmad Aziz is a Consultant Ophthalmologist specialising in cataract and oculoplastics at Imperial College NHS Trust in London. With a private practice based in Marylebone and Harley Street, he offers a range of individually-tailored services for adults and children, including cataract surgery and intraocular lens implantation, cosmetic and reconstructive eyelid surgery, orbital surgery and the management of watery eye and tear duct surgery, as well as the treatment of all general ophthalmic conditions.

Mr Aziz graduated from University College London in 2005 with degrees in medicine and Medical Physics & Bioengineering. He was awarded the Fitton Prize during his studies at UCL.

Following initial training in General Surgery and Vascular Surgery, Mr Aziz undertook his specialist training in Oculoplastics and Ophthalmology in London, including a fellowship at Moorfields Eye Hospital and additional orbital surgery training at the Maxillofacial Department at Northwick Park Hospital.

Mr Aziz is currently a full-time Consultant Ophthalmologist at the Western Eye Hospital and Charing Cross Hospital in London, where he specialises in cataract surgery, eyelid surgery, oculoplastics, and lacrimal and orbital disease. He is the clinical lead for high volume cataract surgery, laser and team transformation and recently established a one-stop cataract clinic designed to streamline patient care.

Mr Aziz is a member of the Facial Reconstruction service at Imperial College NHS Trust and works on multidisciplinary teams specialising in thyroid eye disease, pituitary tumours, skull base pathology and head and neck cancer. He performs complex orbital apex surgery and anterior base procedures as part of a joint service at Imperial.

Mr Aziz plays an active role in teaching both medical students and trainee ophthalmologists, covering topics such as cataract, oculoplastics and eyelid surgery, and tear duct surgery. He is also responsible for establishing training in endoscopic lacrimal surgery for ENT surgeons at Charing Cross Hospital.
